

Making a Referral to Brain Injury SA

At Brain Injury SA, we support people to embrace life after brain injury.

You can make a referral to Brain Injury SA in 2 ways:

- 1** By completing the online referral form, which sits on our website, and completing as much information as possible or,
- 2** Contacting our administration team, who will be able to take your referral details over the phone.

Getting started with us

If your service needs are clear, we will make arrangements to get them started as quickly as possible.

If you are not sure what your service needs are or they involve a number of services, your initial appointment will be with a Senior Therapist who will

help you identify your goals and what you want from your services. This may be face to face or by phone.

Your services will then be booked in and commence.

Locations

- South
- Central
- North
- Regional Outreach Program

Funding

Our services are free for service, and you will need one of the following funding sources to access our services:

- NDIS
- LSA
- RTWSA
- Third Party
- Self-funded

If you do not have a source of funding, you may be eligible for support in our BISA Connect clinic. More information on BISA Connect can be found on our website.

For all general enquiries about our services, please phone 08 8217 7600, visit our website, or follow us on social media.
