

# Brain Injury SA.

Embrace life after brain injury

## Reconnect Transition Program (RTP)

The Reconnect Transition Program (RTP) helps people adjust to life with a traumatic brain injury (TBI) following a road trauma.

The course is facilitated by a psychologist who specialises in supporting people living with brain injury. The RTP also draws on the experience of peer mentors, who offer insights from their own journeys of recovery.

The RTP provides an excellent opportunity to learn more about the brain and how to optimise recovery, and to connect with other people who have a shared experience of brain injury.

### Topics covered include:

- Learning more about the brain and neuroplasticity
- Exploring the challenges of brain injury and strategies that may help with recovery
- Relationships, values and identity
- Mental health, wellbeing and hopes for the future

The 10-week RTP is free to attend. Sessions run from 10:30am to 1pm, with morning tea and a light lunch provided.

PROUDLY SUPPORTED & FUNDED BY:

**Lifetime**  
S U P P O R T

### Who:

For people who have a TBI from a road trauma

### When:

Programs are run twice each year

### Time:

10:30am – 1pm

### Where:

Brain Injury SA's Central Hub, 70 Light Square in the city
