Brain Injury SA.

BISA connect

What is BISA Connect?

BISA Connect is an initiative of Brain Injury SA offering a time-limited block of therapy to adults with an ABI, who are without a source of funding or experiencing a funding shortfall for particular supports.

About BISA Connect

The BISA Connect Clinic offers an 8-10 week block of therapy and support delivered by a team of allied health students.

The BISA Connect Clinic offers two services:

- **Free therapy sessions to support with rehabilitation and goals.**
  Clients can access Speech Pathology, Physiotherapy and Occupational Therapy services delivered by students, accessing up to two sessions per week for each therapy service.
- **Access reports to assist with NDIS Applications.**
  Students support clients with their short-term goals and undertaking suitable goal orientated assessments that may also be used to support in accessing future funding options.

Dates

The BISA Connect Clinic operates at least 4 times a year, each clinic running across an 8-10 week block.

Locations

The BISA Connect Clinic will be serviced out of Brain Injury SA's Northern and Southern Hubs:

- **North:** 2/57 Elizabeth Way, Elizabeth
- **South:** 15 Alexander Kelly Drive, Noarlunga Centre

Who is eligible for BISA Connect?

This service is for adults aged 18–65 with a diagnosed acquired brain injury (ABI), such as stroke, traumatic brain injury, hypoxic brain injury, or a degenerative neurological condition.
Please note: BISA Connect cannot provide a diagnosis of ABI.

To be eligible, clients must:

- Have a diagnosed ABI,
- Have no current or active source of funding.

Cost

This BISA Connect Clinic is a free service to those that meet the eligibility criteria.
